

## **Fremont County School District 2**

### **REPORT CARD NOTICE TO THE PUBLIC**

All education agencies that receive Title I-A funds are required to publish an annual report card by the Elementary and Secondary Education Act, as reauthorized by the Every Student Succeeds Act of 2015.

State and local school district report cards are critical tools for promoting accountability for schools, local school districts, and states by publicizing data about student performance and program effectiveness for parents, policymakers, and other stakeholders. A well-informed public is an important resource in the school and district improvement process. Please see the following link for our district and state report cards.
